

## Technology Experiential Learning Program (TELP) – Teacher Stream

**10 days in Canada**

**Certificate**

The TELP program, a joint initiative between Ottawa Education Group (OEG) and NPTC Group of Colleges, provides a unique opportunity for Welsh educators to experience the Canadian education system, enhance their pedagogical techniques, and establish international professional networks.

**OTTAWA EDUCATION GROUP**

## Program Benefits

- Explore methodologies and best practices in Canadian institutions
- Engage in enriching discussions with Canadian educators
- Establish professional networks with 60+ colleges and research centres
- Experience innovative teaching practices in the Canadian educational landscape

Delivered in partnership with over 60 leading Canadian colleges and research centres, participants will engage in meaningful discussions and workshops with Canadian educators and researchers. This unique experience will provide participants with innovative teaching methodologies and practical applications to integrate into their classrooms.
